ARTWORK SPECIFICATIONS

Graphics must be at least 300 dpi. Anything lower will result in poor quality output. We accept EPS, PDF, TIF or JPG formats **only**.

If using Adobe Illustrator (preferred), convert all text to outlines before exporting EPS or PDF file for submission. Embed all imported graphics in the file.

We **do not** accept files from the following programs: Microsoft Publisher, Power-Point, Picture It, Excel, Word, Paintshop Pro, Corel Draw, Adobe Pagemaker or any word processing program. If you are creating a file in any of these programs, either export a PDF or print out the ad as you desire it and allow our graphic designer to recreate it for a small fee. If you use clip art or photos, you must supply those files as well, again in at least 300 dpi.
